

# Air Traffic Flow Management Workshop

## Air Traffic Control System Command Center

### **Workshop Description**

This workshop is designed to explore the practical application, techniques and best practices of ATFM. Participants will receive informative briefings and engage in open discussions with subject matter experts, review operational scenarios, and be afforded the opportunity to visit the Air Traffic Control System Command Center operational floor for familiarization. The principal methods of instruction are lectures supplemented by Traffic Flow Management System (TFMS) tools and discussion points.

### **Target Audience**

This ATFM workshop is designed for FAA personnel and NAS Stakeholders involved with the development and or impact of ATCSCC TMI initiatives. Candidates for this workshop may include CPC's, staff specialist, FLM's, TMU personnel, airline dispatchers, airline representatives, military personnel, weather personnel, and other personnel performing air traffic flow management related functions within the NAS.
